

**To:** Honorable Mayor Price and Members of the City Council

**cc:** Denis Fitzgibbons, City Attorney  
City Manager's Executive Management Team

**From:** Gregory E. Rose  
City Manager

**Date:** June 16, 2014

**RE:** City Manager Report

## **ACTIVITIES and EVENTS**

- **Upcoming Community Event:** MPD will be hosting a "Register Your Bike" event. The event will be set up in three locations around the city. Bike owners will have the opportunity to register their bikes with the police department for free. The date is June 21 from 12-3 p.m. The locations are Ace Hardware, Tortosa Park, and Copper Sky. (Flyer attached).

## **GENERAL INFORMATION**

### **Committee Openings**

The City is currently accepting applications to fill vacancies on the Parks, Recreation, and Libraries Advisory Committee, Industrial Development Authority Board, and the Merit Board. Applications are available on the City website at [www.maricopa-az.gov](http://www.maricopa-az.gov). Contact the City Clerk's Office at 520-316-6971 for more information.

### **Check Out Current City Recruitments and Statistics**

- Please follow link <http://www.maricopa-az.gov/web/jobs-portal>.

### **Future Agenda Item Report**

- Please see attached report.

### **Economic Development Updates**

- **ICSC ReCon Lead Generation:** As a result of the City's participation in ICSC 2014 RECon, the Economic Development Department has scheduled several meetings with interested developers and retail brokers to discuss potential projects in Maricopa.
- **BIO International Convention:** Economic Development Specialist Denyse Airheart will represent the City at the [2014 BIO International Convention](#), held in San Diego from June 23-26. The annual convention is the largest global

- event for the biotechnology industry, attracting major companies, offering partnership opportunities, and providing insights on trends affecting the industry. Agri-tech and Clean-tech industries, both of which are identified as opportunities for business attraction purposes, will have a presence at the convention.
- **Copper Sky Commercial Land:** Per City Council direction, 18.3 acres of land at Copper Sky along SR 347 has been reserved for commercial development. Staff has prepared a conceptual site plan for a mixed-use development project (e.g. retail, restaurants, hotel, and office uses). During last month's ICSC RECon convention, City representatives met with developers and retailers to discuss the site and gauge interest. Staff will soon be seeking City Council direction to establish a development strategy for the site.
  - **MAP University of Arizona Research:** Earlier this week Economic Development Specialist Airheart attended a panel discussion on Workforce Development in the Software Industry hosted by the Greater Phoenix Economic Council (GPEC). The panel featured members from higher education and industry leaders to discuss the demand for engineering talent. Additionally, the need for K-12 school systems to prepare STEM talent for community colleges and/or four year institutions to serve future engineering talent demands in Arizona.
  - **Advocates Recognition:** During the June 17 City Council Regular Meeting, three Maricopa Advocates were recognized for attaining Platinum level status in the Maricopa Advocate Program (MAP). [Click here for more information on MAP and how to become a Maricopa Advocate.](#)
  - **MAP Quarterly Event:** The MAP Quarterly Event was held on Wednesday, June 18. Maricopa Advocates learned about business attraction and site selection, including how the City and region respond to companies looking to expand or relocate their business to Arizona.
  - **Maricopa Matters E-Newsletter:** This monthly e-newsletter provides updates on key economic development activities, topics of interest, and upcoming events. The June newsletter will be published next Wednesday, June 25. [Sign up to receive this e-newsletter.](#)
  - **Maricopa 101:** The next session will be held on June 25 from 5-6 p.m. and will focus on the Fire Department. Join us to learn about services and resources offered through the Fire Department that may help your business. [Click here to RSVP.](#)
  - **New Businesses:** Since the last report, the City received new business license applications from three home-based businesses, three businesses that will have a commercial location and one out-of-town business that will be doing business in Maricopa.

## **Public Works**

### **Capital Projects**

- **Honeycutt Road Widening Project:** This project will improve Honeycutt Road from White and Parker Road to Porter Road, widening out to four lanes and installing curb, gutter, and sidewalk on the south side. Staff anticipates construction duration of eight months. Some private utilities affected by the project have completed their relocation work. Staff is continuing to work with the other utilities to facilitate their relocation process and clarify roles and responsibilities for the relocations. The ongoing negotiations are likely to delay the start of construction.
- **Copper Sky Recreation Center and Regional Park:** Haydon Building Corps completed installation of the fence on the east side of the property and the shade structures at the dog park this week. CORE Construction is continuing work on the Multi-Generation Center, coordinating with staff to minimize disruption while addressing opportunities for change or improvement identified by staff since the building's opening.

### **Streets Maintenance**

- Completed removal of all concrete and asphalt debris from the Peed property and hauled three loads of associated debris to the Rainbow Valley Landfill.
- Performed monthly grading of eighteen miles of dirt roads.
- Cleaned medians on SR 347, Honeycutt Road, and the Maricopa/Casa Grande Highway.
- Started cleaning/trimming trees in alleys.

## **Development Services**

### **Building Safety**

- A commercial building permit was issued for the future Circle K to be located at 18141 N. John Wayne Parkway.
- Building and civil plans were received for Maricopa Station Shops located at the northwest corner of John Wayne Parkway and Smith-Enke Road.

### **Code Compliance**

- Approximately one hundred lots within parcel 24 in the Rancho Mirage subdivision were cleared of weeds. Before and after photos are attached.

### **Planning**

- **Zoning Code Rewrite Project:** On June 11, the Zoning Code Rewrite Task Force unanimously voted to recommend approval of the draft Zoning Code. In the motion, the Task Force identified eight amendments it would like the Planning Commission and City Council to consider for the future Zoning Code. The Planning and Zoning Commission will hear a brief introduction of the draft code and the Task Force's recommendation on June 23. The draft code is anticipated to be initiated by the Planning and Zoning Commission in July.

Further information, including the latest schedule, presentations, related documents, maps, and the draft Zoning Code, is available on the Zoning Code Rewrite website at <http://www.maricopa-az.gov/zoningcode/>. Please contact Dana Burkhardt with questions or comments at [dana.burkhardt@maricopa-az.gov](mailto:dana.burkhardt@maricopa-az.gov).

### **Transportation/Transit**

- Ridership for the first four days of operation of the Special Summer Shuttle is strong, with 84 trips provided. ADOT provided this comment in response to our reported trip total: “That is indeed good news and indicative of potential fixed route/deviated fixed route demand in Maricopa! Your demand response usually averages 1.2 passengers per service hour, just in these four days you've gone to 3.2 - 7.5 passengers per service hour,” Nicole Patrick, Program Manager, ADOT Transit, Multimodal Division.
- Staff is restructuring the Scope of Work for the upcoming Regional Transportation Plan 2014 Update. The restructured scope will include a mid-level study of the conceptual Val Vista and Anderson Parkways, and will set the stage for the next level of study which will study actual alignment alternatives for these conceptual parkways. An important consideration with these parkways is regional connectivity to the planned Interstate 11 freeway. The Regional Transportation Plan 2014 Update will focus heavily on creation of a Master Transportation Plan for Maricopa.

### **Community Services News**

#### **Recreation**

- Copper Sky current membership has exceeded the 5,000 member mark: 5,227. We currently have 67 Silver Sneakers members registered after just two weeks of service with members 50 and up at 713 and Ak-Chin members at 228.
- The Youth Council made a presentation to City Council during the June 17 work session. They presented activities they participated in this year and also recommended improvements to the Youth Council Guide.
- The Summer Fun & Fitness Camps welcomed special guest, Didgeridoo Down Under. This is an Australian-themed group that teaches about diversity, tolerance, and protecting the planet.
- The summer session of programs started the first week of June; we have nearly 300 registered participants for a variety of enrichment programs.
- The Friday Movie Series for Seniors will be kicking off this week with the showing of Last Vegas.
- Swimming lessons began this week at Copper Sky. Classes are offered for all ages and abilities. Since this is the first time offering lessons, we are working hard to ensure that participants are in the correct swim levels.

- TRX equipment will be installed by this Friday. We will be starting TRX training in July.

### **Parks**

- Arizona Game and Fish stocked Pacana and Copper Sky lakes for the last time until late September or early October.
- Renovation of Pacana Park multi use fields is on schedule for completion in July.
- The shade structures in both Copper Sky dog parks are installed.

### **Library Happenings**

- **Library Stats:** Door Count-6,169 patrons; Circulation- 6,245 items checked out; holds placed-478; holds fulfilled-453; computer sessions-617; hours of computer use-417.52 (with tech assistance from staff); new cards-134; items added to collection-176.
- **Saturday, June 21, 1 p.m.** Library LEGO Club. All building materials provided.
- **Tuesday, June 24, 9:30 a.m. and 10:15 a.m.** Preschool Storytime. Hear a story, sing a song, and make a craft.
- **Tuesday, June 24, 1:30 p.m.** Friends of the Maricopa Public Library host an open discussion with coffee and refreshments. All are welcome to attend.
- **Tuesday, June 24, 3:30 p.m.** Tale Waggers. Come read to PJ the Dog. For struggling readers and animal lovers.
- **Tuesday June 24, 5:30 p.m.** “Arizona Rick and the Bang Bang Balloon Company” (all ages). Arizona Rick is returning to Maricopa this summer with his numerous balloon creations. Lots of participation and balloon designs to take home with you...he ends with a grand finale you won’t want to miss!
- **Wednesday, June 25, 9 a.m., 11:15 a.m., and 2:15 p.m.** Fun Van (advance registration required). Kids play and learn while parents and caregivers meet to discuss parenting skills.
- **Wednesday, June 25, 5 p.m.** Reading Rebels, a book club for Young Adults...read the monthly title...discuss great books...participate in activities...meet new friends.

**Thursday June 26, 9:30 a.m.** Storytime for ages 2 and under.

### **Fire Department**

#### **Community Outreach, Public Safety Events and Fire Prevention**

- **Business Fire Inspections:** Maricopa fire crews conducted business inspections over the course of the week. These inspections promote fire safety and prevention to businesses by identifying potential hazards and/or fire code violations and providing guidance to the occupants on how to remedy any noted violations of hazards. The additional benefit to the fire crews is to

- interact with the business owners and occupants, as well as, building familiarization and operational preplanning.
- **Fire Safety Talk:** L571 participated in an impromptu safety talk with neighborhood children after extinguishing a propane grill fire at a residence.
  - **Community Outreach:** Engine 575 assisted an elderly couple with installing new smoke detectors in their home. The crew had to utilize ladders to do the installation due to vaulted ceilings in the residence.
  - **Fire Investigation:** Maricopa fire crews responded to a working fire at a residence. The fire investigator determined the exterior fire was the result of a child playing with matches. There was moderate damage to the exterior of the home and block fence. The Fire Prevention Bureau will follow up and refer this child to the Casa Grande Fire Department for juvenile fire setting intervention.

### **Emergency Calls**

Maricopa Fire Department responded to a total of 67 requests for emergency assistance this week, with 56 being medical in nature:

- **Heat related calls:** Maricopa fire crews responded to only one heat related call for the week.
- **Fires:** Three calls for fires were received and responded to by Maricopa fire crews. One was a debris fire and the other two were extinguished upon arrival of crews.
- **Structure Fire:** E572 was called to assist Ak-Chin Fire on a structure fire in their jurisdiction. L571, E575 and BC571 responded to two separate requests for assistance for fires in Gila River's jurisdiction.
- **Working Fire:** Fire crews responded to the report of a working fire at a residence on Monday, June 16. Upon arrival crews found a working fire by the exterior of a home. Crews quickly extinguished the fire and requested investigation due to the suspicious nature of the fire.
- **Difficulty Breathing/Chest Pain:** Crews responded to thirteen requests for medical assistance due to difficulty breathing or reports of chest pain.
- **Mutual Aid:** L571, E575 and BC571 responded to two separate requests for assistance for fires in Gila River's jurisdiction.

### **Reminders**

Due to a recent increase in "walk in" patients at the Fire Administration Building and Fire Stations, here are a few noteworthy considerations when deciding whether or not to call 911 are:

### **When to definitely call 911**

Aside from a few key situations, there's not a definitive list of when you should call 911. The National 911 program recommends calling 911 in case of:

- Uncontrollable bleeding
- Unconsciousness

- A car crash

Additionally, the National Stroke Association recommends that you call 911 if you or someone around you has a fall because of stroke symptoms. These include:

- Facial drooping
- Difficulty raising both arms (i.e. one arm drifts downward when both are raised)
- Slurred speech
- Sudden numbness or weakness in your face, arms or legs, especially if it occurs on just one side of the body
- Sudden vision difficulties
- Sudden trouble with walking, balance, or coordination
- Sudden dizziness

If you are unsure if a situation is a medical emergency, don't drive. Just call 911. The operator can help you determine if you require further assistance.

### **Why call 911 at all?**

Sometimes people don't want to call 911 because they don't know how much it will cost. There are benefits to having an ambulance on your side; benefits that could make all the difference in a life-or-death situation.

Consider this:

- Ambulances don't get lost.
- Paramedics know where the closest and most appropriate hospitals are for the emergency.
- An ambulance is usually able to get through traffic faster and won't have to stop for gas
- .
- You won't have to wait for medical attention. The emergency team can provide care while you're en-route.
- The ambulance staff can also communicate with the hospital.

### **What to say when you call 911**

The 911 operator is going to ask you a lot of questions to make sure the ambulance arrives quickly and is prepared to help. Here's the information you should have ready:

- The address and phone number of the person in need, especially if you're on a cell phone.
- Details about the person in need, such as her age and any medical conditions that could affect the injury, such as a bleeding disorder.
- How the injury happened and what are the symptoms, especially if they are unable to move or breathe.
- The location of the person, for example, downstairs in the kitchen. If you're on the road, know the mile marker or intersection.

- Stay on the phone to answer questions and give updates as best you can until the ambulance arrives or until the dispatcher tells you it's okay to hang up.

### **Driving to the ER**

If you're leaning toward driving to the ER, make sure you know where the hospital is and the fastest way to get there, says the American College of Emergency Physicians.

Ask yourself the following questions:

- If you move the person, will it make the injury worse?
- Does it look like the person will get worse on the way to the hospital?
- Are there barriers on the way to the hospital that could cause delays, such as traffic or construction?

Remember, if you're not sure, just call 911.

### **Police Department**

- **May Compstats Reports:** Attached are the May Compstat reports. The report shows a 116 per cent increase in aggravated assault. The increase is primarily due to the increase in domestic violence cases and the charging requirements under the new domestic violence protocols. The DV Call to Action Committee is in the process of combating the increase of not only the number of domestic violence calls but also the nature of them. All other categories show a decrease in Part 1 Crime. Another significant finding of the report shows an increase in arrests. This corresponds with MPD's mission of holding offenders accountable quickly. Statistics indicate we are making arrests of offenders in 95 per cent of cases submitted. (Compstat report attached)
- **Pinal County Law Enforcement Association:** June 17, Chief Steve Stahl, president of the association, led this meeting of county-wide Chiefs of Police. The group meets monthly to discuss issues that impact law enforcement in the area.
- **Police Officer Training:** June 18, all sworn members of MPD are attending the Leading Individuals/Followership training. This will expose leaders to classic and contemporary theory that will assist them with creating environments for employees to motivate themselves beyond behavior modification. An organization's mission is not truly fulfilled until its members gain/regain belief in the mission. Discussion continues that one cannot be a good leader without first being a good follower as 80 per cent of a leader's time is spent following. The training is part of MPD's continuous training program toward succession planning.
- **Police Recruit Graduation:** June 19, Recruits Martha Zayas and Joshua Hawksworth will graduate from the 20 week Mesa Police Department Regional Law Enforcement Academy. Once they graduate, they will begin a 16 week field

training on their way to becoming solo officers. The graduation will be held at the Mesa Art Center (Piper Room) and starts at 5:30 p.m. City employees are welcome to attend.

- **New Officers:** June 17, Officers Johnny Maynard and Michael Straub joined MPD and began new employee orientation. The two are recent graduates of the Chandler-Gilbert Community College Law Enforcement Academy. They will begin the standard 16 week field training process to become solo officers.
- **DV 101 Educational Event:** Maricopa Police Department, in partnership with the Arizona Coalition to End Sexual Assault and Domestic Violence and The Church of Jesus Christ of Latter-day Saints, are hosting a DV 101 Educational Event for adults on Tuesday, July 8 at 7 p.m. at 20565 N. DR Horton Drive. Register for this event at: <http://dvmaricopa.eventbrite.com>. (Flyer attached)

Respectfully submitted,

---

Gregory E. Rose, ICMA-CM  
City Manager
